

## Atlantic Kleen IL-32F

Heavy-Duty Liquid Alkaline Immersion Cleaner for Oils, Greases, Lime, Zinc, and Sterate Coatings on Ferrous Wire, Coil, and Sheet

Atlantic Kleen IL-32F is one of the best **chelant-free and solvent-free** immersion cleaners on the marketplace today. Atlantic Kleen IL-32F is a formulation of alkaline builders, particulate dispersants, water conditioners, and low foaming detergents balanced for maximum soil penetration and removal. Atlantic Kleen IL-32F is designed for use in multi-stage immersion, ultrasonic, and electrolytic cleaning systems. Atlantic Kleen IL-32F was formulated to remove deep drawing compounds on ferrous metals, including cast iron, as well as titanium, stainless steel, copper, and other metals which are resistant to strong alkali. Atlantic Kleen IL-32F is LOW FOAMING under normal use conditions, however, Atlantic Kleen IL-32F may foam excessively if spray recirculated at temperatures below 140°F. Atlantic Kleen IL-32F offers convenience and economy as a liquid cleaner and is suitable for automatic chemical feeding. Atlantic Kleen IL-32F is free rinsing, not additive dependent, and highly waste treatable.

### PRODUCT PROPERTIES:

Appearance:	Clear, Mildly Foaming Liquid
Specific Gravity:	1.12
Solubility:	Complete
Solvent Content:	None
Chelant Content:	None
VOC Level (excluding water):	0.00 – pounds / gallon
pH (10%):	>12.0
Biodegradability:	Detergent portion is 100% biodegradable.

### USE INFORMATION:

Concentration:	5 - 20 % by volume
Temperature:	150 - 210°F.
Contact Time:	As available, usually 5 to 20 minutes with mild mixing.

**PRECAUTIONS:** May cause severe burns to the skin and eyes upon contact. **\*\*AVOID CONTACT\*\*** Refer to MSDS for further information. **FOR INDUSTRIAL USE ONLY!**

**PACKAGE:** Bulk, 330, 275, 55, 30, 15, and 5-gallon containers.
